GEAR THAT WORKS FOR YOU.

**WELCOME TO THE UNCLE MIKE'S FAMILY OF
HIGH-QUALITY, AFFORDABLY PRICED GEAR
DESIGNED FOR EVERYDAY FOLKS.**

It's only natural. The firearms we wield get all the attention. But the rest of your setup — holsters, straps, slings, swivels, bags, cases, belts, pouches and more — can make all the difference in carrying and using your weapon with true proficiency. Whether you're a law enforcement/security professional or an avid sportsman (or both!), Uncle Mike's makes the gear to keep you at the ready comfortably, efficiently and safely. And — an Uncle Mike's hallmark — affordably. Products that look great and work even better at a fair price? It's nothing new for Uncle Mike's. We've been getting gear right for fellow gun enthusiasts for over 50 years.

APPARITION

Keep your firearm from view, only to materialize when needed.

Comfortable and discreet, the Apparition cradles your firearm in its hidden realm. Made in Montana from durable, lightweight polymer, it can be worn inside (IWB) or outside the waistband (OWB) with easy, toolless conversion. Versatile, comfortable and stealthy as a wraith – perfect for everyday concealed carry.

- Ultralight polymer construction; ideal for all-day wear
- Toolless conversion from IWB to OWB
- Ambidextrous design accommodates all shooters
- Adjustable retention
- Adjustable cant and ride heights

SPYROS

Included rail-mounted light ensures perfect retention, fit and feel.

Want bang for your buck? This innovative friction retention holster and light combo provides it. If your pistol has an accessory rail, you're good to go. Just attach the included 150-lumen, aircraft-grade LED light. It's an essential accessory, and it's also what secures your gun in the holster, which receives nearly any light-mounted gun snugly, with perfect retention. This system works with more than 200 firearms – and feels like a custom fit for every one of them.

- High-grade, glass-filled polymer construction
- Coupled with compact, 150-lumen LED light with quick-release mount
- Light provides excellent visibility for up to 15 yards
- System fits more than 200 semi-automatic pistols with an accessory rail
- Hip carry, right or left
- Adjustable for height

SIDEKICK VERT. SHOULDER

Superior weight distribution, along with ultra-snug firearm retention make our vertical shoulder holsters ideal for even the most active pursuits.

- Freedom of movement: Onside, self-adjusting belt loop keeps holster close to your side. Fully adjustable shoulder harness with 2½" wide nylon web straps and a self-centering back piece. Fits up to 48" chest.
- Choose your style: Offside tie down anchors harness to belt and let you carry the speedloader or magazine case (purchased separately) vertically or horizontally. Wear inside or outside your jacket.
- Secure: Retention strap with combination adjustable buckle and snap keeps firearm in place.

INSIDE-THE-POCKET

INSIDE-THE-POCKET HOLSTERS KEEP CLOTHEES CLEAN AND FIREARMS FUNCTIONAL

- Laminated construction lessens print-through recognition, cushions the wearer's leg from sharp contours of the firearm and provides a barrier against perspiration.
- Open-top holster provides grip-up positioning and prevents the movement of levers, buttons or catches.
- Non-slip material band surrounds holster body for retention when firearm is drawn.

SWIVELS

NO OTHER SWIVEL COMES CLOSE

1 TRI-LOCK®

Assures silent operation and zero finish wear by completely eliminating swivel contact with your gun. Other swivels can mar your finish and make noise against your stock. Never ours.

2 SWIVEL-LOCK®

A spring-loaded plunger and a knurled, threaded sleeve lock down to completely eliminate accidental opening of the swivel. Other swivels can detach with side contact. Uncle Mike's are positively secured for the long haul.

3 CLOSED LINK

Our closed link technology creates a permanent ring bond that will never fail you. It was the first of its kind and started the entire generation of QD® Swivels.

SLING

SINGLE POINT SLING

- Allows easy movement of gun when operating inside cramped spaces.
- Maintains its structure for easy donning.
- Side release buckle allows for quick breakaway for emergency release of the weapon.

CHOOSING YOUR SWIVEL

Swivels are mounted in a variety of ways, depending on firearm configuration and preference. All swivel sets include mounting hardware for your gun's fore-end and buttstock.

WOOD SCREW

Nearly all buttstock and many fore-end swivels attach with wood screw bases.

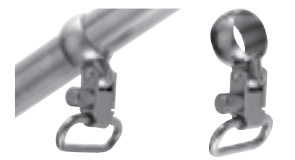

MACHINE SCREW

Many bolt actions with relatively thick fore ends can accept 3/8" machine screw bases for an extremely strong connection.

MAGNUM BAND

The partial band fore-end base clasps your magazine tube or barrel for easy installation without dismantling the firearm.

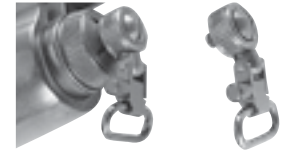

FULL BAND

A sturdy and permanent installation for many tube magazine .22s, lever actions and some Remington® guns. Requires dismantling firearm. Caution required.

FORE-END BOLT

The base assembly replaces the fore-end bolt on many Remington® rifles including the Model 760, 742ADL, 742BDL, 7400 and Four.

MAGAZINE CAP

Attaches to the magazine caps of many pump and auto shotguns. Cap modification required. (Also see QD Magazine Cap Swivel sets on Page 37).

SWIVELS

QD SUPER SWIVEL WITH TRI-LOCK

- Flawless fit and silent operation.
- Detaches quickly, yet provides positive locking for safety.
- Three-lock system for optimum security against accidental opening.
- 1" and 1¼" sizes available.

DUTY HOLSTERS

PRO-2 DUTY

Our Pro-2 Dual-Retention Holster allows you to draw your weapon with a quick, simple drawstroke. Until then, the firearm is held fast by a non-stretch retention strap (thumb break) and an outboard tensioning device. Plus, an internal detent engages the trigger guard.

DUTY HOLSTERS

STANDARD RETENTION

Uncle Mike's® engineered these Dual-Retention holsters to fit the spectrum of law enforcement pistols, revolvers and use scenarios. A non-stretch retention strap takes the point. It's backed up by an independent tensioning device that adjusts to apply varying degrees of clamping pressure.

DUTY HOLSTERS

PRO-3 DUTY

The Pro-3 Duty Holster's patented three-point locking system keeps your firearm both secure and ready. Just release the thumb break for a swift, easy draw. And thanks to its ergonomic design, you'll carry your gun with ease and comfort.

DECONSTRUCTING OUR PATENTED PRO-3 HOLSTER

- 1 Molded thumb break.
- 2 Non-stretch retention strap works with molded thumb break to stay open for easy, one-handed reholstering.
- 3 Patented laminated construction – either MIRAGE® or nylon exterior, foam core and smooth nylon lining.
- 4 Patented Integrated Retention Technology – trigger guard locking system.
- 5 Positive trigger guard stop positions gun the same way every time.
- 6 Adjustable tensioning device.
- 7 Holster suspended within patented Injection Molded Retention exoskeleton for support, strength and rigidity.
- 8 Patented, molded sight track protects front sight and reduces holster wear.
